

Nitrogen Gas Generator N₂ Pack

Nitrogen Gas Generator N₂ Pack

mini-series(Membrane Type)

GX · X-series(PSA Type)

Power Range : 0.45/0.75kW
Nitrogen Purity : 97%
Discharge Pressure : 0.19MPa
Capacity : 0.42/0.9m³/h

Power Range : 0.75/2.2/3.7/5.5/11/15kW
Nitrogen Purity : 99/99.9%/99.99%
Discharge Pressure : 0.44 ~ 0.60MPa
Capacity : 0.9 ~ 41m³/h

NOTE : The capacity is taken at the ambient temperature of 20 degree C and ambient humidity of 60% and without clogs on the suction filter. This capacity is converted in terms of air suction conditions(under the atmospheric pressure).
